

SCRent

long-term rental of compressors

Rent a compressor for 5 years!

Thanks to our SCRent program, you no longer have to invest large financial amount into the purchase of a new energy-saving compressor. In cooperation with Raiffeisenbank, we offer a modern way of financing by means of a long-term rental of the machine for 5 years and its repayment in monthly fees.

Why SCRent rental?

- you can get a **new compressor immediately** and without the need to release large financial amount for investment
- monthly lease payments are a **direct company expense** and are not subject to depreciation in accounting
- **clear costs for 5 years** - all compressor costs except energy are "all inclusive" in the SCRent monthly fee
- and especially thanks to the modern and economical machine **YOU SAVE ON ENERGY IMMEDIATELY**

What's included in the monthly fee?

SCRent is a comprehensive financial service that covers all costs associated with the operation of the compressor and compressed air treatment technology. The only thing the customer pays for himself is the electricity consumed.

The monthly fee payment is not just the price of the machine multiplied by 60 payments, but SCRent includes everything you expect to pay over the 5 years of the compressor's operation:

price of the selected model of **SCR screw compressor**

regular maintenance throughout the rental period is already included in the price without limitation of the number of operating hours

price of selected types **air treatment equipment**

we will take care of free **ecological disposal** of oils and filter cartridges

attractive **discounts** on purchased equipment, **spare parts and oil** are included in the lease

the rental also includes the necessary **pressure vessel inspections**

the price includes **transport of all equipment** to the installation site

all **breakdown** costs during the rental period are our responsibility; emergency service is included in the rental

all compressors and air treatment equipment are professionally **installed**

compressors and air treatment equipment are **insured** against damage or theft at all times

we will train the operators to ensure proper operation and basic maintenance of the technology

... and after 5 years you can buy the compressor at the residual price

Monthly fees

- Prices are in EUR and do not include VAT
- The amount of the monthly fee corresponds to the 5 years rental length
- Air treatment devices are selected with regard to compressor performance and are basic versions
- Air treatment equipment rental prices are only valid as an optional add-on to the SCR compressor rental

Basic Terms and Conditions of SCRent

- the rental offer is subject to the signing of the Rental Agreement and its approval by Raiffeisenbank
- installation and operation of compressor and air treatment must be in the Czech Republic
- installation means transporting the machine to its destination, setting it up, connecting it to electrical power and compressed air piping within 1 m of the compressor or air treatment equipment
- in the rent, the following is not included:
 - handling equipment required for machine assembly and handling to the place of operation (provided by the customer)
 - dismantling and removal of existing machines
 - supply of electrical switchboard and main switch (if not on the machine)
 - creation of electrical wiring in the compressor room
 - supply of piping in the compressor room
 - ventilation duct solutions
 - supply of the compressor net communication
 - machine monitoring
 - waste heat recovery from the compressor
 - construction work in the compressor room
 - dealing with health or food legislation
 - inspection of dedicated electrical equipment
- all of these items can be added and included in the rental if desired, or are billed by a separate invoice
- machines and equipment must be operated in conditions corresponding to the instruction book; in non-standard conditions (high temperature, humidity, dustiness, limited ventilation space), machines and equipment cannot be rented or the rental amount is increased in proportion to the installation conditions.
